LOCAL Y.M.C.A. IN MEMBER CONTEST

Inter-City Membership Campaign On Between La Crosse, Wausau, Eau Claire, Fond du Lac

ADOPT GATEWAY CITY PLAN

Other Associations in the Struggle Are Using System of Local "Y"

(By A. C. Gran.)

A campaign that will be unique in the state of Wisconsin among the Y. M. C. A.'s will be inaugurated tomorrow when four cities of about the same size will compete against each other in an inter-city membership campaign league.

The membership plan of the La Crosse association has appealed so strongly as to its merits that three other cities in this state are on the same plan now. These three cities, Wausau, Eau Claire and Fond du Lac, with La Crosse, will conduct the campaign for membership for the coming year during the same period of ten days from October 1 to 10, and will wire the result of each day's work to a central place where the standings will be returned and each city will know the following morning how the others stand. Each city will work on the same basis of scoring and will ask no handicaps of each other. Each member secured and paid will count a point during the campaign. No difference is made in the class of members secured, a junior counting a point as well as a business man's club member.

La Crosse Favorite

The indications are that La Crosse will have the best chance to win the pennant, but will have to hustle to keep Eau Claire from passing, as the interest up there will be at its highest right now. The new building and association are not a year old yet. They opened in March of this year and enrolled 542 without a campaign, which would indicate that they will have a lot of new interest and enthusiasm to work with which will result in a large membership.

Wausau and Fond du Lac will run strong and may surprise both La Crosse and Eau Claire, Ogden and Brandenburg, both from La Crosse, are in charge at Wausau and are giving them the La Crosse spirit in their work up there and it will mean the boosting of their association to a high point.

The campaign in La Crosse will open tomorrow evening when a large number of men will meet for lunch at the building to get under the plans of the campaign. With a membership that has averaged better than 900 a year for the three years in the new building, there ought to be no great difficulty of our La Crosse men getting going strong from the start and assuring a winning series for La Crosse. Everybody is invited to get into the game whether members of the association or not. La Crosse as a city has shown its moral strength and ideals in providing the best building in the four cities and should jealousy guard its standing by being in the lead in this series.

This year is the 30th year for the Young Men's Christian association in our city and a program of work and activities stronger, better, bigger and broader than ever will be carried out that will culminate in a big celebration of the thirtieth anniversary next April.

Many Contests

A feature of the physical department work this coming year will be the numerous contest and tournaments for which silver cups and medals will be given in handball, volleyball, basketball tournaments and the athletic events which will include an Olympic Pentathlon.

The social features will be numerous this year. The first event will be an evening of entertainment and fun when Carl C. Countryman, a reader and lecturer of national reputation will be present on October 12. This will be open to all members of the senior department.

A moving picture lecture will come on December 6, when "The Dawn of Plenty" will be given by a prominent lecturer who will show the growth of the agricultural life of this country and the world. This is a membership privilege.

An interesting program is being planned for presidential election night when the returns will be received by special wire.

A big series of twenty great speakers is being planned for the Sunday men's meeting which will begin on Sunday, October 21.

Membership in the Y. M. C. A. will be made so valuable the coming year that any man who doesn't get in at once will miss a great deal that he will regret when too late.

Sustaining memberships and other receipts make it possible for the Young men of the city to secure their memberships at a sum way below their cost. Young men who are strangers in the city are especially urged to be at home in the Y. M. C. A. building and all will find it a most wholesome and profitable place to spend spare time.

Any man who is willing to help in this campaign is called on to volunteer at the Y. M. C. A. today or before tomorrow noon and they will

TO ORGANIZE BIG REPUBLICAN CLUB

North Siders to Take Action at Meeting in Fjelstad's Hall Tonight

COMM.TTEE IN EACH WARD

Prominent Men Interested in Move to Crystallize Sentiment; to Elect Officers

At a meeting to be held tonight in Fjelstad's hall, St. Paul and Caledonia streets, there is to be formed the North Side Republican club, the membership of which is to be composed of leading republicans from the six wards comprising that section of the city.

The club is in reality the continuation of the Burlington club, the organization of railroad men who banded together before the primaries to champion the cause of Congressman John J. Esch because of his record in behalf of legislation in their interests. The new club, however, will be of broader scope and its work will probably be in behalf of the entire state, legislative and county republican ticket. Its membership, which heretofore consisted chiefly of railroad men, will be broadened to include all interested in good government and progressive legislation.

The object of the organization is to secure speakers during the campaign capable of explaining the merits of measures and to outline the benefits to be derived from legislation proposed.

At the meeting tonight organization will be perfected the officers to be elected will be a chairman, secretary and treasurer. Committees, composed of eight men, will be appointed in the north side wards, which are the Twentieth, Tenth, Ninth, Nineteenth, Fifth and Fifteenth, and the chairmen of these committees are to compose the executive committee of the central body.

Many men, prominent in local politics, have interested themselves in the club plan among them being ex-Alderman Louis J. J. Esch, William McGaughran, republican candidate for city clerk in the last municipal election and William Layland. The latter is prominent among railroad men on the north side and was an enthusiastic worker in the Burlington club.

J. E. Higbee, chairman of the republican county committee, is this afternoon conferring with Joseph K. Kidder, secretary of the organization who arrived here from Milwaukee on Saturday. Details of the work preparatory to the launching of the campaign, are being discussed.

STRIKE LEADERS PLACED ON TRIAL

Ettor, Giovannitti and Caruso Arraigned for Death of Striker at Lawrence Last Winter

IS FAMOUS LABOR CASE

Rivals McNamara Trial in the Interest Aroused and Quick End Is Expected

SALEM, Mass., Sept. 30.—Through streets crowded with cheering millworkers and their friends, the leaders of last winter's textile strike at Lawrence, Mass., were today taken to trial on the charge of inciting the death of Mrs. Anna Lopizzo, a striker.

Jailed Since Jan 30

Joseph J. Ettor, Alturo Giovannitti and Antonio Caruso, after lying in jail at Lawrence, Mass., since January 30, having been refused by the courts during the seven months of their incarceration, were brought to trial today in the Superior court. Ettor and Giovannitti, both of New York, are organizers for the Industrial Workers of the World. They are charged with being accessories before the fact to the murder of Annie Lopizzo, the woman striker, shot during a clash between police and mill operatives in Lawrence, on Monday, January 27. Caruso is charged with murder in the first degree in connection with the woman's death.

Is Famous Case

No trial of a labor leader in the United States, excepting the McNamara and the famous Moyer-Haywood-Pettibone trial in Idaho, has attracted such attention as today's. The history of the case dates back to the passage by the legislature of Massachusetts the law limiting the working week in industrial institutions to 54 hours. Mill owners and other big employers of labor throughout the state had fought the passage of such a law bitterly and with every possible weapon. It was finally passed, however, to go into effect on January 1, 1912. For months, prior to the first of the year, organizers for Industrial Workers of the World, had been quietly organizing the unskilled labor of Lawrence's great mill system which include the American Woolen company. On the first pay day after the 54-hour week law had gone into effect, the men, women, boys and girls who worked in the mills found that in every instance they were docked two hours' pay. That night meetings of the various nationalities—there are some 40 working in the Lawrence mills—were hurriedly called and the word went forth to strike the next morning.

State troops were sent down to "protect" property. The soldiers had not been on the scene a week before clashes between strikers and soldiers became frequent. There was a riot between soldiers and strikers in the down town section of the town on Monday, January 27. That morning a patrol of police had been stoned in front of one of the branch meeting places of the strikers. All day long scores of municipal and state police had clashes at this point. Toward 4 o'clock in the afternoon, one of the many parades which the strikers occasionally held was broken up. A portion of the crowd turned toward the headquarters which had been the scene of trouble all day. Extra guards were rushed to the place and a pitched battle in which shots were fired began. Annie Lopizzo, who was standing near the edge of the crowd, with several other women, jeering the police, fell to the ground shot through the heart. Then the crowd dispersed. Caruso was arrested on the spot and held the next morning without bail, charged with murdering the Lopizzo woman. Three days later Ettor and Giovannitti were locked up and charged with instigating the crime through their speeches and the crime through literature. Three witnesses for the defense testified at the preliminary hearing before Police Court Judge Mahoney that they had positively seen a policeman shoot the Lopizzo woman. No witness except the policeman who arrested Caruso testified against the latter.

Won't Last Long

The case may last but a few days. It is known that the district attorney knows that the grand jury placed a very heavy burden when it forced him to attempt to convict the men of murder as accessories.

"Wait and see," said District Attorney Will today. "I shall present the evidence to the court and the court will pass on its merit."

After eight months in prison, Joseph J. Ettor and Alturo Giovannitti, who were jubilant today as they were taken to court for trial before Judge John B. Quinn. They had eaten hearty breakfasts in their cells and had held a long conference with their attorney, Fred Moore from Los Angeles.

Moore, leader of the free speech fight in California came here at the last minute as advisory counsel for the defense.

"We will win this case," said Mr. (Continued on Page Six)

\$10,000 LIBEL SUIT IS STARTED

District Attorney Munson of Crawford County Sues Farmer for Damages

ECHO OF CASE IN LA CROSSE

Says Farmer Accused Him of Malfeasance in Office After Law Suit

The echo of a sensational lawsuit which last spring stirred all of Crawford county because of charges of malfeasance in office which were alleged to have been preferred against M. R. Munson by Alex Anderson, a farmer living near Gays Mills, was heard in La Crosse today when suit was filed against Anderson by District Attorney Munson for libel. Mr. Munson asks for \$10,000 damages. The case will be tried in circuit court in Crawford county before Judge Clemenson. A stay in the proceedings was asked today by Wolfe and Wolfe of La Crosse, attorneys for the defendant, to permit them to file an answer to Munson's suit.

The libel suit is the result of another law suit which was started in La Crosse county court last spring in which Alex Anderson accused Charles Mitchell, a saloon keeper of Soldiers Grove, of having improper relations with his wife, Dora Anderson. He alleged that Mitchell and his wife went to La Crosse and registered as man and wife at a down town hotel and that they also visited Prairie du Chien, Minneapolis and other places, traveling as man and wife. While the case was pending, however, Mitchell is alleged to have sold his property and escaped to Canada. No charge was brought against the woman but, following the escape of the accused saloon keeper, Anderson is alleged to have preferred sensational charges against District Attorney Munson.

Attorney Accused

According to the papers in the libel suit which were filed against Anderson by District Attorney Munson, Anderson accused Munson of malfeasance in office, saying and publishing that Munson had been consulted in the case against Mitchell and that the evidence laid before Munson justified a prosecution against Mitchell. Anderson is alleged to have said that Munson promised to start the suit against Mitchell and accepted large sums of money to carry on the suit.

The complaint further says that Anderson accused Munson of having no intention of prosecuting Mitchell and that in fact he was all the time conniving and conspiring with the attorneys and friends of Mitchell to protect Mitchell from prosecution and refused and neglected to proceed against him. It is also alleged that Anderson accused Munson of unlawfully and feloniously aiding Mitchell to dispose of his saloon business and escape to Canada. Anderson is accused of making the statement that Munson told him not to consult other attorneys in the case against Mitchell and that after Mr. Mitchell's escape Munson offered to pay back the money he had received from Anderson on condition Anderson would say nothing about it. Finally Anderson is accused of having asked that Munson be removed from office on the grounds of malfeasance in office.

Asks \$10,000 Damages

As compensation for his injured reputation District Attorney asks for a judgment of \$10,000 against Anderson. McConnell and Schweizer of La Crosse are the attorneys for Mr. Munson. It is expected that Wolfe and Wolfe will file the answer to Munson's suit in time to permit the case to come up for trial the latter part of this month or the first of November.

ARMY AVIATORS DIE IN TUMBLE

Fall Seventy-five Feet and Both Are Killed on Flight to Get License

WASHINGTON, Sept. 30.—Funeral services of Lieutenant L. C. Rockwell, the army aviator, and Corporal Frank Scott, his companion on a fatal trip Saturday evening at College Park, Md., will be held in this city tomorrow. Both will be buried with military honors in Arlington cemetery.

The two were descending after Rockwell had made a trial flight to gain his aviator's license, and seventy-five feet from the ground the biplane turned turtle. Scott was instantly killed and Lieutenant Rockwell lived three hours.

DESTROYED NAMES OF CONTRIBUTORS

Testified in Inquiry that Helpers to Extent of Over 10 Millions Are Not on Record

G.O.P. BOOKS ARE DESTROYED

List of Campaign Funds Since 1892 Burned by Cornelius J. Bliss

WASHINGTON, Sept. 30.—"Destroyed names of contributors of \$10,138,000 to the last four republican campaigns."

This was the testimony today before the Clapp committee investigating campaign contributions of Cornelius J. Bliss, Jr., son of the former republican treasurer. Bliss said his father had destroyed all books and papers showing who contributed. He submitted his father's papers, however, tabulating contributions to the national committee as follows: In 1892, \$1,600,000; in 1896, \$3,450,000; in 1900, \$3,000,000; in 1904, \$2,088,000.

The committee was also balked in its efforts to discover the source of Standard Oil contributions.

William H. Libby of the Standard Oil company testified he knew nothing of any gifts. He and Bliss were the only two witnesses at the morning session.

Ormsby McHarg was here asking to testify at once. The committee refused, putting him down for Tuesday, Oct. 8, after Col. Roosevelt and J. P. Morgan have testified. "Was there a reason why McHarg's testimony was postponed?" Chairman Clapp was asked.

"Of course," said Clapp, "but we're not telling it."

Most Sweeping Inquiry

The most sweeping investigation of "big business" in politics ever held in the United States was begun today by a special senate committee. Financial and political giants of the nation are awaiting witness stand ordeals.

How far has "big business" gone in influencing legislation in both the senate and house?

What senators and representatives have been in intimate correspondence with "trust" heads?

How much money have gigantic corporations given to influence nominations and elections?

These are some of the principal questions to be brought out by scores of witnesses ordered to appear before the committee.

The investigation today is being conducted by a select committee of five senators under authority of the so-called "Penrose resolution" passed by the senate last August just before congress adjourned. Senator Clapp, the Minnesota progressive, is chairman. Other committee men are Senators Oliver (Rep., Pa.); Jones (Rep., Wash.); Pomeroy (Dem., O.), and Paynter (Dem., Ky.).

Bob Widened Scope

Senator La Follette of Wisconsin widened the scope of the probe begun today by succeeding, during the ante-adjournment fight last August, in directing that the committee inquire into all correspondence affecting legislation between senators and representatives. The original resolution of Senator Penrose contemplated merely an inquiry into the amount of money contributed to campaign funds by corporations and financial leaders.

Col. Roosevelt is scheduled to testify tomorrow. He is to reply to charges of Senator Penrose and John D. Archbold, manager of Standard Oil, that the oil trust contributed \$125,000 to Roosevelt's campaign efforts in 1904. Archbold recently testified that he gave that sum and that Roosevelt, when president, "persecuted" the Standard Oil company with department of justice prosecutions because an additional \$150,000 contribution was refused.

Senator Penrose's alleged relations with Standard Oil are also under fire. William R. Hearst is expected to produce sheaves of letters, said to have been stolen from Archbold's private letter files, between Penrose and Archbold regarding legislation and campaign affairs.

The afternoon session was postponed until 3:30, awaiting the arrival from New York of Charles A. Peabody, president of the Mutual Life Insurance company, formerly attorney for E. H. Harriman.

SLAYER IGNORANT OF MARRIAGE?

Peterson Says He Did Not Know His Victim Was Wedded to Yttre

WILL GO TO JAIL THIS WEEK

Alleged Murderer Fast Recovering from Wounds Inflicted on Himself

From questions asked of attendants by John Peterson, the slayer of Mrs. Sever Yttre, the impression is given that Peterson was not aware of the fact that his victim had been married but eighteen hours before.

When informed that Mrs. Yttre, formerly Miss Ella Thompson of Viroqua, had been married the afternoon before the crime, Peterson groaned, "That makes it worse than ever. I did not know she was married." He said today that he did not expect to see her at the depot and had gone there to meet his brother who was due to arrive on one of the morning trains. About three minutes before his brother arrived from Retreat, Peterson fired the shot which killed the woman he loved, and then attempted suicide.

From the report of physicians it is probable that Peterson will be removed to the county jail this week and will be arraigned in county court in time to have the case placed upon the October calendar.

Although Peterson realizes that a life sentence is before him if found guilty, he refuses to ask any questions as to the steps that are to be taken and during the greater part of his time lies in his bed, staring straight ahead as though pondering over his crime, and frequently bursts into tears and bemoans his act.

Attended by a nurse, Peterson was permitted to sit up for a few moments today. A patrolman has been at his side constantly since he was removed to the St. Francis hospital and a close watch will be kept over him until he is removed to the county jail to await trial.

SEES OWEN AND SCOTT

La Follette Today Engaged in Conference with State Chairman and Leaders of Progressives

MADISON, Wis., Sept. 30.—Big republicans of the state met here today in conference on the state campaign. Republican State Central Committee Chairman George E. Scott of Prairie Farm, and Senator Walter Owen, candidate for the attorney generalship, were among the arrivals.

A feature of the conference were the plans made for a state speaking tour for Senator La Follette. The senator is expected to complete his work on the five additional chapters of his autobiography about the end of this week and it is probable that he will be ready to go on the stump about October 10. It is probable that he will make several addresses in Iowa, supporting Senator Kenyon, and he may even go into Idaho and speak for Senator Borah.

Will Support McGovern

While no official statement upon the McGovern-bull moose incident was made, it is said today by leaders in the complete confidence of La Follette that the senator will follow the lines laid down in his recent editorial in his magazine, this plan being to support McGovern on his record as governor, ignoring but not condoning his defection to Roosevelt in Chicago and his more recent espousal of the cause of Theodore Roosevelt following his bolt from Taft.

Miss B. Thompson

J. BARTEL'S STORE—409-11-13 MAIN STREET

RUSHFORD, MINN.

Mrs. Hovel Thompson, who suffered a stroke of paralysis last Monday morning, is slowly improving, although yet unable to sit up.

John Alm, Helmer Peterson and Helmer Dammen returned last week from a few days' visit at Chicago.

Mr. and Mrs. Ed Gouty and son are the guests of friends at Winona.

Mrs. Wm. Robertson went to St. Paul last Monday to meet her daughter, Charrie, who is expected home from her summer's residence on her claim in Canada.

Mr. and Mrs. Raymond Shirven are guests of relatives at Osage, Ia. Mr. Shirven expects to return Thursday but Mrs. Shirven will remain for several weeks' visit.

Mrs. Austad and children, who have been guests at Mr. and Mrs. C. C. Jensen's home and also at Highland Prairie, returned to their home at Hawley, Minn., last week.

Mr. and Mrs. Charles Nicholas have as their guest a brother of Mr. Nicholas, Mr. Irvin Nicholas of Boone, Iowa. He expects to remain here until after our Fall Festival.

Friday evening the Rushford Military band will give its last open air concert of the season. That our band has been and is duly appreciated is shown by the hearty words of commendation heard from our townspeople and outsiders alike. Under the able leadership of Prof. Lambert, who has proven himself faithful and painstaking to the last degree, the band has acquired a most enviable place and records, its fame extending over a wide territory. Each member has tried earnestly to do his individual duty, which must always be the case before an organization of this, or in fact, any kind can attain a standard of excellence. Our Friday evening concerts have always attracted large audiences and since cold weather forbids further outdoor

concerts it is almost certain that a series of indoor "music fests" may be looked for this winter.

Veterinary Cottrell of Houston was in this city last week.

Miss Bessie Stage, a Rushford young lady, who has for several years taught at Fairmont, this state, has again returned to that city to take up her work for the coming year.

Mrs. Whitehouse of Houston, has been a guest of Mr. Delo Vier's family, north of town.

The Bible Institute in Brooklyn, is once more taking up its good work, a promising number of students having registered and still more to arrive. Prof. Peterson, who it was feared would be unable to be here this year, has again taken charge and this fact insures another year's successful work. All of the institution's teachers and pupils are earnest, Christian workers, whose presence amidst us is a large factor for good and the examples they set might be copied with much resultant good by many others.

Enthusiastic "rooters" for our home football squad are sure that they will win a great victory over the Preston boys, when upon Oct. 4th, they meet in deadly combat upon the gridiron. Preston, of course, is just as sure that they will win and time alone must determine the outcome. Upon the second day of our famous Fall Festival, the Winona team will contest for first honors with our home team, this last game being under the auspices of the Commercial club. The home squad's valiant captain, Carl Johnson, has had his men in regular training for over two weeks and both games will be fought with a grim determination to break the record. If honest tactics, strenuous training and enthusiastic "rooting" means victory, the game can even at this early date, be safely called ours.

The Rushford Lyceum course, se-

lected by the committee in charge, will this season consist of four numbers, viz: Oct. 30th, Perkins' orchestra; Nov. 27th, Sarah M. Wilmar; March 12th, Roland A. Nicholas; March 27th, Southland Jubilee Co. Those who last year were so fortunate as to hear Miss Wilmer will be very glad to know of her reappearance here, and the other members of the course, while new to us, come very highly recommended. Though we cannot boast of being a metropolis, yet the Lyceum course has proven that we may still hear the best in elocution and music and as the cash results of these entertainments go toward the bettering of our city school system, it behooves us to patronize as far as possible each series of the course.

There will be held next Tuesday afternoon, Oct. 1st, at the home of Mrs. J. J. Ake, the regular W. C. T. U. Parlor meeting, at which the chief speaker and guest of honor will be Mrs. Vie Campbell, organizer and lecturer of the national W. C. T. U. The usual program will be followed and extra music has been provided. The evening of that same day, Mrs. Campbell will speak at the First Presbyterian church of this city, her subject being, "A White Life for Two." The church choir will render special music and it is most earnestly desired that Mrs. Campbell be greeted by a large audience, as those who have been fortunate enough to hear her before know that she is an able and convincing speaker.

The regular meeting of the Ladies' Aid society of the Lutheran church will be held at the church basement Thursday afternoon, Oct. 3rd at 3 o'clock. The ladies who will entertain are Mesdames O. Laugen, O. E. Reishus, O. Rotnum, H. P. Hendrickson and G. Halvorson.

Mr. C. E. Butler, formerly of Preston and several months ago editor of the Peterson Herald, was a Rushford caller last week. He is now travel-

HARD COAL IS AT A PREMIUM

Collieries Working Overtime to Secure Enough to Supply Enormous Demand

WILKESBARRE, Pa., Sept. 30.—Anthracite coal was never in greater demand, except in times of prolonged suspension and actual panic, than it is at present.

The various collieries are being pushed to the utmost limit, and the mine officials claim they cannot find sufficient labor.

Independent operators, selling on open contracts, are getting almost what they ask for coal, their prices exceeding considerably that realized by the larger corporations on the contracts.

Several companies have made overtures to the men tending toward steadier work. It is an unwritten rule that when a man is killed in any mine, the other employees quit work for the remainder of that day. The coal mine officials have asked the men to remain at work on the day of the funeral and the company will turn over the amounts thus earned to the dependent families of the dead man. Grievances are quickly adjusted and everything possible is being done to facilitate the rapid mining of coal.

There is no coal being stored locally, the product being rushed out as fast as it can be loaded in the cars.

PRAIRIE DU CHIEN.

H. E. Howe, owner of the "Highland Press" and the "Prairie du Chien Courier," is about to move his family to Prairie du Chien and assume active management of the latter paper, which he purchased about a year ago. The Courier is now established in its newly remodeled and improved quarters in the Horsfall building on Church street. Mr. W. H. Thompson, who was eminently successful as the local manager of the Courier for a year, is now associated with I. E. Hurlbut in the Prairie du Chien Union office.

The ladies of the M. E. church have inaugurated a "social chain" as a means of raising funds for their organization. Each lady entertains a party of five at afternoon tea, each one of the five to entertain five more and so on. At Bloomington the plan was used successfully to raise funds for the public reading room.

Roy Ivers submitted to an operation for appendicitis a few days ago and is reported as on the road to recovery.

Daniel McGaughey is employed as call boy at the North McGregor railroad yards.

Girlish, Wrinkle-Free Skin Easy to Have

(From Pilgrim Magazine.) Since its remarkable astringent and tonic properties became known, clever women all over the world have been using the saxonite face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back to normal. After using the solution, the face immediately feels much firmer. The skin tightens evenly, gradually, all over the face, thus reducing lines and sagging. The formula is: Powdered saxonite, 1 ounce, dissolved in witch hazel, 1/2 pint.

Another wonderful facial beautifier and rejuvenator that has become quite a rage in the United States, as in Europe, is mercolized wax. Druggists report a great demand. The wax literally absorbs a sallow, blotchy or withered complexion, giving the fresh, vigorous, healthy-hued young skin underneath a chance to "breathe" and to show itself. Applying the wax at night, like cold cream, washing it off mornings, will completely renovate a poor complexion in a week or ten days. One ounce usually is sufficient.—Advertisement

WORST STOMACH TROUBLE ENDED

"Pape's Diapepsin" gives instant relief and the relief lasts

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

TOM SEABROOKE IS HEADLINER

Famous Pioneer of Musical Comedy and Rube Marquard Coming to Majestic This Week

Tom Q. Seabrooke, one of the best known musical comedy stars, and a pioneer in that field of dramatic effort, is headliner at the Majestic on the bill which opened this afternoon. Mr. Seabrooke has appeared in La Crosse in several musical comedies, and is well known to the majority of local theater goers as a fun-maker of great talent. His act consists of singing and talking, and has received excellent press notices in Chicago, where it was first put on. Mr. Seabrooke is making his first venture in vaudeville, and La Crosse is one of the first cities to hear his new act.

The Majestic also bills another feature for its new program in a two reel special motion picture introducing Rube Marquard, famous New York Giant pitcher, in a drama which centers about a ball game. Marquard is a center of interest at present for the large part he is expected to take in the world's series, and for his recent run of nineteen straight victories.

One of the most beautiful acts that has appeared here, according to the advance notices, is that of La Graciosa, which is billed as "Visions from Fairy Land." The act is one of marvelous transformations, and there are nine separate scenes.

There is also a first class sensational bicycle act, put on by Valentine and Bell, the Empire State quartet of men singers, and a clever banjo, singing and talking act, presented by Marckley and Finlay.

ips, a former resident of Prairie du Chien, were brought from Chicago Saturday and interment made Sunday in Evergreen cemetery. Mrs. Phillips is survived by a son and a daughter, both residing in Chicago. Her husband died some years ago. The family left here twenty years ago to live in Chicago.

Rev. Alfred Jennings, lately arrived from England, a brother of Rev. H. N. Jennings, preached at the M. E. church Sunday morning.

Herbert Herold was home over Sunday from Viola, where he is employed by the Nuzum-Hunter Lumber company as secretary.

Mrs. Farnham of McGregor visited Prairie du Chien friends Sunday.

SWEARS HE GOT 3 FISH ON HOOK

THREE LAKES, Wis., Sept. 30.—The best fish story of the season which created doubtful comment was sworn to before a justice of the peace Saturday by John Smith, a witness. John Barry, a Chicago banker, was the angler. Here's the story: Barry was fishing with a small hook for bait. A minnow became fastened on the hook. A one-pound black bass spied the minnow and grabbed him, whereupon a large "musky" observed Mr. Barry and swallowed hook, minnow and bass. By careful maneuvering and expert skill Barry landed the finny trio—three fish on one hook.

If a man's crooked scheme fails to pan out, he will abuse the town for not being more progressive.

Before trying to live on your wits, remember such a course is impossible in the penitentiary.

It isn't ignorance of the law that defeats a client so often as the ignorance of his lawyer.

The only sure thing is the thing that has already happened.

Most of us have a bowing acquaintance with the inevitable.

Chalmers 1913 MOTOR CARS

Made in Chalmers Shops.

Chalmers "Thirty-Six" Brakes Larger in Proportion to Weight than Locomotive Brakes.

The experienced driver of a car realizes that upon no part of the mechanism does the safety of driver and passengers more often depend than upon the brakes.

Chalmers "Thirty-Six" has more braking surface in proportion to weight than the biggest locomotives.

One of the largest passenger locomotives weighs 243,000 pounds. It has a total braking surface of 1,080 square inches. That means that every square inch of braking surface has to care for 225 pounds of weight.

As against this compare the brakes on Chalmers "Thirty-Six."

The "Thirty-Six" has 356.6 square inches of braking surface. A fully equipped "Thirty-Six" Touring car filled with gasoline and oil, weighs 3,637 pounds.

That's one square inch of braking surface for every 10.2 pounds of weight.

Actually — more than 20 times as much braking surface in proportion to weight on a Chalmers "Thirty-Six" as on the largest and most modern locomotives.

The same care used in designing and building Chalmers brakes, has also been used in every part of Chalmers cars. Chalmers 1913 cars offer the maximum in comfort, convenience and appearance.

Come and see these cars. Learn first hand about all the features which have made this "another Chalmers year."

GIRLS! GIRLS! SURELY TRY THIS DOUBLES BEAUTY OF YOUR HAIR

All you need is a 25 cent bottle of "Danderine"—Hair gets lustrous, fluffy and abundant at once.

Immediate? — Yes! Certain! — That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits, particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use of Danderine, when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it; surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

NORMAL COURSE

TO BE ATTRACTIVE

Minneapolis Symphony Or-

chestra Will Open

Notable Season in

La Crosse

La Crosse is fortunate in the mu-
sical attractions it will enjoy during
the present season, and most notable
among these is the concert by the
Minneapolis Symphony orchestra in
the Normal Lecture Course. The
eastern tour taken by this orchestra
last season gained for it general re-
cognition as one of the four great or-
chestras of the world. It was rank-
ed by critics with the London, New
York and Thomas Orchestra.

Besides this concert, one can hear,
for the small price of two dollars,
three high grade lectures and an eve-
ning's delightful entertainment by
Leland Powers, the leading imper-
sonator of the country. The lectures
are by Rev. James McCleary, a noted
Catholic divine of Minneapolis;
Lorado Taft, one of America's most
prominent sculptors, and John Mitch-
ell, the ex-president of the United
Mine Workers. Such a bill of fare
has strength and variety in an un-
usual degree. Season tickets are
now being sold at Hebbard's Drug
store, and they will be delivered up-
on orders sent or telephoned to the
normal school.

LOCAL DOG SHOW

BEAT ST. PAUL

More Dogs Exhibited on

Benches of La Crosse

Kennel Club Than at

Saintly City Show

Officers and members of the La
Crosse Kennel club are jubilant
over the success of the dog show at
the inter-state fair last week. The
show surpassed all expectations,
there being over 250 entries. More
than twice as many dogs were
benchmarked as at the St. Paul show,
and only the opening of the Bis-
mark garden show at Chicago pre-
vented the local Kennel club from
having a full "two point" exhibi-
tion. It is estimated that this Kent
100 dogs from the local benches
which would otherwise have been
shown.

The judges, Dr. Charles White,
Chicago, and George W. Crabb, Mil-
waukee, expressed surprise at the
number of dogs exhibited. They
united in declaring that never in a
town of the size of La Crosse had
they seen so large a number of
prize-winning animals owned by lo-
cal exhibitors. They praised the ef-
ficials of the show highly for the
care and treatment given to the
dogs. Visiting exhibitors also were
a unit in the statement that they
had never received treatment to
equal that of the local Kennel club.
All expressed their intention to re-
turn to the show next year.

With the success of the 1912
show past, the officers of the club
are insisting that in 1913 they
will have an even bigger and bet-
ter show.

Four states were represented in
the dogs on the benches, and every
conceivable type of canine was
there. Chief among the remarka-
ble dogs shown was an exhibit of
Pekinese spaniels, an extremely
valuable breed imported from
China.

Great credit is deserved by the
officers of the club for their un-
tiring work in the interests of the
show, according to the statements

OLDEST REPUBLICAN
DENIES HE'S MOOSE

RIPON, Wis., Sept. 30.—Concern-
ing the report printed in the Milwau-
kee papers that he had joined the
bull moose forces, A. A. Loper, the
sole survivor of the company present
at the forming of the republican
party, denied the statement. "I have
only one correction to make," said
Mr. Loper when questioned about the
matter, "and that is that there is
not a word of truth in it."

LUMBER STRIKERS IN MURDER TRIAL

64 Defendants to Be Arraigned for Death of Unknown in Strike Riot

LAKE CHARLES, La., Sept. 30.—Deputy sheriffs are being sworn in today and arrangements for a possible conflict are being made in preparation for the trial of sixty-four striking employees of the Galloway Lumber company, all members of the Industrial Workers of the World, for the murder of one man, a water carrier known only as "Tony."

The trial which opens October 7 is the outcome of a pitched battle between strikebreakers and strikers on July 7. About 200 men had attempted a demonstration at Galloway, a few miles away, and had been jeered down. They retaliated by attacking their tormentors, and a shot that killed "Tony" was fired. A pitched battle followed in which several strikers were killed and many wounded. Thursday Charles Smith, leader of the strikers, was shot by a deputy sheriff in a pistol duel in the marshes.

WILSON IS RULER IN EMPIRE STATE

Governor's Wishes Will Be Guide of New York Democratic Convention

SYRACUSE, N. Y., Sept. 30.—An old time democratic atmosphere hung over this city today. Belligerency was in the air and wherever the clans gathered to discuss the state convention, which meets at noon tomorrow, the talk was that of fighting men.

Gov. Dix was the storm center. The attitude of Gov. Wilson as democratic presidential candidate and therefore leader of the party in the nation, in publicly opposing Dix was bitterly criticized.

That Gov. Dix had been eliminated as a candidate seemed certain at noon. So far as Murphy's attitude was concerned, there had been no change. But a "ground swell" was very much in evidence and it was all away from the present governor.

UNITED STATES COURT TO OPEN OCTOBER 9

The United States court will open here Wednesday, October 9, when the petit jury will be sworn in before Judge A. L. Sanborn in the federal building. One of the first cases to be tried will be the case of McLees vs. Stall and Chase, an action involving the alleged fraudulent sale of land in Montana. The case was nonsuited upon the motion of the plaintiff when tried before Judge Clements in circuit court here a year ago. The grand jury will be called October 15.

Moore as the trial opened. "Why a conviction of Ettore and Giovannitti would be a conviction of the right of free speech in this country."

Crowds at Salem

The town of Salem was awake early. By 9 o'clock thousands of people clogged the streets. They came from Lawrence, waving the red flags of the I. W. W., and they came too from Haverhill, from Lynn, and from all the mill towns.

The crowd found its focal point at the Salem court house, a little red brick building in the very shadow of Galloway hill, where a hundred years ago they hanged witches.

Admission to the court house was by card only. State police guarded the gates to the grounds and the doors to the building. Only newspaper men, artists, lawyers and vintners gained entrance.

Neither side will be permitted to challenge peremptorily more than 22 jurors.

The first legal skirmish already has been fought and won by the defense. Judge Joseph F. Quinn, who will preside over the trial, having ordered the state to furnish the defendants' lawyers with a bill of particulars, stating what the strike leaders did or said in the two weeks preceding the shooting of Annie Lipozzi.

John P. Mahoney of Lawrence is Ettore's counsel and associated with him is George Koewer, Jr., of Boston. Former District Attorney Scott Peters will present Giovannitti and Caruso, the alleged actual slayer, will have Judge James Fisk of Lynn.

From 15 to 20 talesmen were examined, but when court recessed at 1 p. m. but one jurymen sat in the box. Ettore, Giovannitti and Caruso were

led from the court house to waiting cabs in the street. A cordon of twenty policemen made an avenue through the crowd for them and at times had to club the curious back. Cheers went up for them, mostly in Italian, from hundreds of their countrymen. Ettore and Giovannitti waved their hats just before the carriage doors were slammed shut on them by the deputies.

ROME, Sept. 30.—Carabinieri protected the United States consulate last night against an Ettore and Giovannitti demonstration, according to messages received from Florence today. The demonstrators had previously held a monster mass meeting and listened to an address by Prof. Falerei of Ohio State university. Then they formed a procession and were marching toward the consulate when the carabinieri intercepted and scattered them. Three arrests were made.

PRAY FOR BURNING CHURCH

NEW YORK, Sept. 30.—While firemen battled with a blaze that threatened to destroy St. Luke's Roman Catholic church early today, hundreds of parishioners knelt in the street, all unheeding drenching water and flying embers, praying that the building might be saved. Father Phillip Leone walked into the burning building, rescued the sacred vessels from the altar and was carried out badly burned.

SHOOT SALOONKEEPER

MILWAUKEE, Wis., Sept. 30.—Harry P. Hughes was arrested today charged with enticing W. F. Saul, a saloonkeeper, into the basement of the latter's place early today and deliberately shooting him. Saul is said to be dying in a hospital at noon. The men were apparent friends. Hughes later admitted, according to the police, he had differences with the saloonkeeper over a loan of \$100.

POLICE IN BATTLE WITH STRIKERS

Lawrence Protest Strikers in Big Riot Are Clubbed and Beaten by Blue-coats

ONE MAN IS DYING TODAY

Police Stations Crowded with Injured Men and Women Arrested Today

LAWRENCE, Mass., Sept. 30.—Rioting as serious as any which occurred during the great textile strike last winter, broke out here today shortly before 6 a. m. As a result of clashes between police and Ettore protest strikers, dozens are in the hospital with broken heads and the police station is crowded with prisoners, including men and women. Few of the prisoners are free from bruises and cuts.

Chase Reporters

During the most serious rioting at Essex and Union streets when a squad of municipal and state police charged a crowd of 1,000, a squad of newspapermen who were following the charging line of the police were set upon by the officers and only by quick dodging and running were they saved from a clubbing.

Long before daylight and despite unseasonably cold weather, a picket line of 2,000 or more surrounded the Wood, Washington and Ayer mills. As dawn broke and the first early workers began to straggle towards these three mills, the rioting began. Desperate after their clubbing of yesterday the strikers roughed workers who refused to turn back. The city police were rushed to a half dozen different points in autos and other vehicles which had been pressed into service. The appearance of the police was the signal for desperate fighting. Swinging night sticks and wagon tongues the police battered the strikers back.

For ten minutes or longer, the pitched battle raged. Then the crowd slowly gave way. It was 9 o'clock before a semblance of order was restored.

Of those arrested today one man is dying at a hospital. Five of the prisoners are women. All will be arraigned later today in police court.

Shoe Workers Strike

HAVERHILL, Mass., Sept. 30.—Shoe workers to the number of 1,500 who are members of the I. W. W. started the promised 24 hour Ettore protest strike. There were a number of demonstrations and speeches in I. W. W. Halls but no disorder.

Lynn Has Strike

LYNN, Mass., Sept. 30.—One thousand I. W. W. lasters in local shoe factories remained away from work today as a "silent protest" to the imprisonment of Ettore and Giovannitti.

Starts This Afternoon

Rioting broke out afresh this afternoon after four hours' quiet. As workers in the Everett mill were returning to their looms after the lunch hour, several hundred strikers appeared and the bloodiest riot of the day occurred. Police reserves, armed with wagon tongues and blackjacks, with orders to "go in and stop them regardless," dashed into the mob and in two minutes a score were knocked senseless. Then the mob broke, carrying off those who were unable to walk. It could not be learned how badly the injured were hurt. Four men and one woman were arrested, charged with assault and carrying dangerous weapons.

At 10:30 a. m. I. W. W. leaders estimated that approximately 15,000 workers were out. This number was hourly increasing.

be given a place at the lunch which will be served at 6:30 o'clock tomorrow evening.

Boys' Department

Plans for a thorough campaign for members of the boys' "Y" were completed with much enthusiasm at a luncheon served to about forty of the leaders at the Y. M. C. A. building Saturday night.

The campaign, which will be a feature in the contest of the four cities, will last ten days, and the La Crosse boys have resolved that whoever may occupy second, third or fourth place at 10 o'clock Thursday night, October 10, the La Crosse boys' "Y" will be number one.

Principal McCormick and Coach Seiler added much to the spirit of the occasion by enthusiastic addresses, in which they urged the members to throw themselves into the campaign to draw every young fellow in La Crosse into the fellowship and clean associations of the Y. M. C. A.

Offer Trip as Prize

Stimulus was also given to the campaign by the association offering to the junior and intermediate leading their department in securing new membership a trip to Minneapolis on November 16 to witness the Wisconsin-Minnesota football game. Undoubtedly much hustling will be done for the coveted prize.

DIVE KEEPER AFRAID

NEW YORK, Sept. 30.—"New York today is worse than Sodom and Gomorrah and God's wrath will fall upon it as it did upon them and smite it into nothingness."

William McGlory, formerly "King of Dive Keepers," here and known as the "wickedest man" now reformed, today is author of this statement and prophecy. He declared the police are not what they used to be and that he is afraid to venture out upon the streets at night.

200 SEARCH FOR SLAYER OF FOUR

Hounds Put on Trail of Man Who Killed and Mangled Whole Family

QUINCY, Ill., Sept. 30.—Two hundred men today began searching for the murderer who last Friday night killed John Pfuschmidt, a wealthy farmer living near here, his wife and 16 year old daughter and his guest, Miss Emma Kaempfen, 21, a school teacher. The quartet were murdered while they slept, their skulls crushed, authorities believe, with an axe. Following the murder the house was fired and burned to the ground.

The Pfuschmidt homestead is located in an out of the way section near Payson, 16 miles from here. Saturday morning a lineman was sent to the place when a "ground" was reported on the telephone line. He found the house a heap of smoking ruins. Pfuschmidt and his family were believed to be away visiting friends and no effort was made to notify them. Yesterday relatives of Miss Kaempfen became alarmed at her continued absence and it was then that the murder was discovered. The bodies were badly charred, but in each case the head had escaped incineration. All were horribly mangled. That of Pfuschmidt was split almost in two.

Bloodhounds today were put on the trail of the murderer, whom authorities believe may be the same man who perpetrated similar crimes in Villisca, Iowa, and Wellington, Kansas.

An arrest is expected in the case before night. Roy, a son of the farmer, aged 20, and the only surviving relative, is under surveillance.

CAB IS SMASHED BY CHASE AUTO

A cab of the Hayes Transfer company in which five persons were riding, was turned completely over when struck by an automobile driven by Frank Chase, Viroqua, at Second and Main streets late Saturday night. With the exception of a few slight cuts, the occupants of the cab, two women and three men, escaped injury although a shower of glass from the windows fell upon them as the cab was struck. Ludwig Lawrence, the driver of the cab, was hurled to the brick pavement while the horses were dragged from their feet but both the driver and team escaped unhurt. The occupants of the cab mysteriously disappeared during the scene of confusion which followed.

GIBSON ARRAIGNED

GOSHEN, N. Y., Sept. 30.—The preliminary hearing of Burton W. Gibson, New York attorney accused of murdering Mrs. Rose Szabo in Greenwood Lake on July first, began today before County Judge Royce. Gibson is charged with having strangled Mrs. Szabo and upset the boat in which he was rowing her. The state contends that Gibson after killing the woman, produced an imposter to pose as the dead woman's mother and in that way secured \$7,000 of her \$10,000 estate.

Gibson though confronted with Mrs. Szabo's brother and almost positive proof of her mother's death three years ago, declared he will produce the mother and will prove that Mrs. Szabo died by accidental drowning.

Chicago Grain Review

CHICAGO, Sept. 30.—Bullish cables and reduced receipts in the northwest gave wheat futures an opening bulge of ¼ to ½ cents today, but fine weather and heavy world's shipments induced bear pressure. The market reacted shortly after opening to Saturday's final prices and remained extremely dull during the remainder of the day. Corn opened strong, but fell back to Saturday's average prices before the day was far advanced. Oats followed the action in the neighboring pits, opening a shade higher and finding a level about even with the last closing figures. Provisions held steady at advanced prices.

ATHLETES BEAT THE LEAGUERS

Hackner's Single in the Eighth Sends Over Two Runs Required to Win Game

A great pitching duel between Fuchsel and Bartels was won by the Athletics yesterday when with the bases filled in the eighth inning Hackner poked out a single which sent two runners over the plate and returned the city champions a 2 to 1 winner over the leaguers. So effective was each pitcher that neither team was able to tally until the eighth, when, after the leaguers had registered once, the Athletics came back and sent two runs home for a victory.

Both Bartels, the Clothiers' star who toed the slab for the leaguers, and Fuchsel, the Athletics' southpaw, pitched wonderful ball and previous to the eighth round neither club had many chances to win the game. Whenever there were men on the bases and a hit would have sent in a counter the pitchers tightened up with the result that the combat resulted in a twirlers' duel.

Fuchsel pitched in grand form, allowing the leaguers but five hits which were well scattered. In spite of the fact that he was slightly wild, issuing five passes, he was effective in the pinches and in the fourth round with men on second and third and but one down, he retired the side ruleless by getting both Larson and Weigent. He gave the Leaguers but few chances to count as they could not hit him consistently and although they got two men on bases with but one down in the first round a double play stopped them and after Fuchsel was effective.

Although he was found for seven hits, two more than Fuchsel allowed, Bartels also pitched a wonderful game and he showed up to best advantage with men on the paths. The Athletics had several chances to score before the eighth but in each case the necessary hit was not forthcoming. In the second round they had a great chance to count when Hackner led off with a triple to deep left but Bartels tightened up and retired the next three men without allowing the Athletics' shortstop to cross the pan. In the third and fourth frames the Athletics also had opportunities to register but in the former round a pop fly retired the side while Ed Klein cut down a runner in the fourth when a single was sent to right field. Bartels put the side down on strikeouts in the seventh.

Both teams gave their twirlers good support and some sparkling fielding plays were made. Kabat made a great stop and throw on Weigent's fast grounder in the fourth while Joe Safford, Eddie Klein and Fred Curtis all made wonderful running catches of foul flies and Larson picked up a bounder from Fuchsel, taking a hit away from him.

WATCHING THE SCOREBOARD

Steve Evans started a rally in the fifth by sending a long bingle to left field. The Cardinals then fell on Benton and drove him from the box, winning from the Reds, 8 to 5.

Marty O'Toole had the Indian sign on the Cubs and the Pirates took a fall out of Murphy's crowd that sent them into second place.

Charleyhorse kept Ty Cobb out of the game, and the Tigers playing listless ball, dropped another to the Naps.

In the last game of the season at Chicago Ed Walsh fanned eleven Browns, allowed only four hits and the White Sox recorded an easy victory.

Clark Griffith was so impressed with the Senators' work this season that he has invited the Washington players to be his guests at the opening game of the world's series.

good support and some sparkling fielding plays were made. Kabat made a great stop and throw on Weigent's fast grounder in the fourth while Joe Safford, Eddie Klein and Fred Curtis all made wonderful running catches of foul flies and Larson picked up a bounder from Fuchsel, taking a hit away from him.

Eddie Klein started the scoring for the leaguers by whaling out a two bagger to left to open the eighth. Safford sent a long fly to Kuehn and Ed took third on the hit. Curtis then soaked a hard grounder to Kircheis, who could not get Klein at the plate but he retired Fred at first, the leaguers getting the first tally. Wais then drew a pass and he stole second and third but with another run waiting to score Larson flew out to Meinert.

The Athletics came right back in their half and won out. With Fuchsel out, Kuehn beat out a grounder to Weigent and he pilfered second. Gullickson hit a slow one to Larson and he beat it out. Kuehn taking third. Gullickson stole second while Bartels held the ball and this upset him so much that he hit Kabat, filling the bases. Hackner made good in the pinch by singling to left field scoring Kuehn and Gullickson. Childers fanned but Evenson, batting for Kircheis, was passed, again filling the bags. Meinert flew out. Score:

The 1912 football season opened Saturday with the big eastern eleven playing games of minor importance merely as tryouts for their men while in the west the only one of the Big Nine to play was Minnesota.

With the exception of the Gophers, all the big teams which played won their games and the contest between Minnesota and South Dakota was one of the surprises of the season for the Gophers were beaten 10 to 0 in the contest which heretofore has been

but a practice game for them. The defeat of the Minnesota team shows that the loss of practically all of last year's eleven has weakened them greatly and their chances of winning the championship have as a consequence diminished.

Princeton, Harvard, Yale, Pennsylvania, Dartmouth and Carlisle all played practice games Saturday, the Tigers making the best showing by defeating Stevens by the overwhelming score of 65 to 0. Yale beat Holy Cross 7 to 0 while Harvard beat Maine by the same score. Carlisle ran up a score of 34 to 0 on Dickinson and Pennsylvania beat Gettysburg 35 to 0, Dartmouth being the only team to be scored on as they defeated Bates 26 to 6. These results indicate that Princeton again has a formidable team for, although the game was an easy one, all the other teams also played practice games but none of them could run up scores such as the Tigers made against Stevens.

RULES FOR WORLD'S SERIES ANNOUNCED

CINCINNATI, Ohio, Sept. 30.—Chairman Herrmann of the national commission today issued a bulletin containing rules and regulations for the world's series and announcing prices of seats. Box seats at the Polo grounds, New York, will cost \$25; seats reserved in the upper grand stand, \$3; third base stands reserved, \$2; pavilion and general admission, \$1, and bleachers, 50 cents.

The rules are practically the same as in former years. Particular attention is called to the fact that umpires will have supreme authority, shall be sole judges of the fitness of grounds for commencing or continuing a game and shall eject from the field any player who uses improper language, employs unfair tactics or violates any rule for the conduct of the game.

The rule was passed as a result of a run in with umpires by John McGraw, Giant manager, last year, in which he is alleged to have used vulgar language within hearing of spectators.

CHANCE SAYS HE HASN'T RESIGNED

CHICAGO, Sept. 30.—Fran L. Chance, manager of the Chicago Cubs, back from New York just after President Murphy of the club announced that Chance was going to retire from the game and had given up his place as manager, said today: "I have not resigned; I never will resign, and what's more, I am ready now to sign a contract to manage the Cubs next year."

Chance repeated what he had already said in denial of Murphy's charge that too much drinking had hindered the team in the pennant race. He said the charge was groundless, and that Murphy was using it and his (Chance's) poor health last summer in planning to rid the team of the present manager.

Some people seem to take a lot of satisfaction from making martyrs of themselves.

CHANCE A CUB FIFTEEN YEARS

Retiring Manager of the Chicago Nationals Signed First Contract in 1897

CHICAGO, Sept. 30.—Frank Chance managed the Cubs for seven years, taking up the reins when U-ness forced Frank Selee to resign in 1905. He has been a member of the Cubs fifteen years, having signed his first contract in 1897.

As manager, Chance developed the greatest team of "inside players" baseball has known. The title "Cub machine" was not an exaggeration for the precision of the Tinker, Evers, Chance, Steinfield combination was for years almost faultless.

As manager, Chance led the team to four national league championships, in 1906, '7, '8, and '10 and twice won the world's championship. He acted as playing manager until this season, when injuries caused by being struck on the head frequently by pitched balls, caused him to retire from first base and act as bench manager.

Although handicapped by a team which lacked the brilliancy of his former winners, Chance led a wonderful fight this year and had his pitching staff held up, would have given the Giants a close race for the National league pennant.

Chance was born September 9, 1877, and played his first baseball in Fresno, Cal., his home, as catcher of the high school team. He caught for the Washington university team and when graduated as a dentist, took part in a tournament between teams from San Francisco and Fresno, where Bill Lange and Cal McVey were impressed with his ability and recommended him to Captain Anson, who signed him.

Chance caught for the Cubs, but frequent injuries caused Selee to send him to first base in 1903. He was elected captain of the team in 1904 and then became manager when Selee retired. He has always been absolute master of the team since his appointment.
